SUMMARY

Front-End Developer with proven experience of more than 6 months at HTML, CSS, Bootstrap, JavaScript and React in helping companies create and maintain a better code base for reusability. Passionate about learning and development with a desire to apply skills on a larger development team at Redfin. Eager to tackle more complex problems and continue to find ways to maximize user efficiency.

EXPERIENCE

Front-End Developer

IT TRAINING CLASSES

📅 2024 - Present 📍 Gurgaon, Uttar Pradesh

My responsibilities as a Front-End developer:

- ➤ Utilize front-end frameworks like React to create scalable, reusable and responsive UI components
- ➤ Implement SEO best practices such as semantic HTML markup, meta tags, and structured data to improve search engine visibility
- ➤ Proficiency in HTML5, CSS3 and JavaScript to create interactive web experiences.
- ➤ Troubleshoot and debug front-end issues using browser developer tools and debugging techniques
- ➤ Optimize code and assets to ensure fast load times and smooth performance.
- ➤ Write clean, efficient code to implement new features and functionalities based on the project requirements.

EDUCATION

Master's degree in Art

Veer Bahadur Singh Purvanchal University

📅 2022 - 2024 📍 Jaunpur, Uttar Pradesh
